Listed on the Nasdaq Stockholm Stock Exchange

Ranked #20 on Fortune's "Change the World" list 2019

35,000 employees

2019 revenues SEK 177 billion

An aerial view of a modern office building courtyard. The courtyard is paved with light-colored tiles and features a central circular wooden structure. The building has large glass windows and a modern architectural style. The sky is blue with some clouds. The text "Sustainability is integral to our business" is overlaid on the image.

Sustainability is integral to our business

Nowy Rynek
Poznan

Where we can make a positive impact in society

Climate goals

The Skanska Group will have net-zero carbon emissions resulting from our business by 2045, including the value chain in all projects.

Today

2030

2045

Carbon
Neutrality

50%

Skanska Group reduces emissions from our own operations by half, this includes the value chain in projects initiated by Skanska development units.

To lead the way towards a climate smart society

To become carbon neutral

1. We partner to innovate
2. More measurement of climate impact is needed across the industry
3. Procurement is key
4. Full value chain in focus

Spark
Warsaw

We build for a better society.
