ULI Exclusive: Wildfire Resilience Demonstration with IBHS

Tuesday, June 15th | 9:30-10:30am | Zoom Webinar

ULI is pleased to partner with the Insurance Institute for Business & Home Safety (IBHS) to share a live demonstration of home wildfire resilience. This webinar will provide the opportunity to watch a live video feed from inside IBHS's testing center, as a home designed with resilient building materials and landscaping is put to the test – against real flames and embers – to measure performance. A conversation and audience Q&A with ULI members who have implemented these wildfire resilience techniques will follow.
