Managing Director,
Forbright Bank

ULI Global Sustainability Outlook 2023

What's on the sustainability horizon for 2023?

In 2022, ULI interviewed over 50 ULI member experts across the globe to inform an outlook for the coming year:

What sustainability topics and issues are on the rise, why do they matter, and what actions should the industry pursue moving forward?

uli.org/SustainabilityOutlook

TOP FIVE SUSTAINABILITY ISSUES FOR 2023

1

Adjusting ESG
Strategy for
Macro-Economic
Complications

2

Embedding
Transition Risk in
Transactions &
Valuations
